

HORIZONS

Cope Foundation in Cork Communities

Do you have the time to volunteer in the community?

Community Support Worker - Mayfield

We need volunteers to accompany a staff member and two residents who are wheelchair users to go for walks and social outings to cinema etc. on a Monday evening for one or two hours.

This residential service is based in the Mayfield area. The volunteer must have manual handling training or be willing to complete this 1 day training course which we can provide. The volunteer needs to be over 18 years old with a friendly and sociable personality.

They must be willing and able to push a wheelchair. Volunteers will find this a very rewarding role as it enables these residents to do something they enjoy.

2hrs

Mayfield
