

HORIZONS

Cope Foundation in Cork Communities

Do you have some free time to help people in your local community?

Drivers – Macroom

Horizons are seeking volunteer drivers to assist staff in bringing the people we support on community outings. The drivers must have a full clean licence and be over 23 years of age.

You will be assisting adults with an intellectual disability and/or autism to partake in a sociable, fun outings. You will be adding great value to the quality of their lives.

No experience of people with disabilities is required as staff will always be present. Volunteers just need a kind, caring attitude and an interest in helping people to be included as equals in society and reach their full potential.

We would like someone to commit to approx. two/three hours per week on either Tues/Weds/Thurs between the hours of 5 and 8 for a six-month period.

Macroom area
